DRINKS MENU

Our drinks menu is a huge part of our story. Over countless fun-packed staff trips all over Spain, we have visited almost all the bodegas and cervezarías listed here and met the amazing people behind them.

CAVA

All cava is made in the traditional method, the same as champagne. This is time-consuming and expensive but puts cava far ahead of any other sparkling wine in quality for value stakes. The best cava is every bit as interesting as the best champagne, in a different, very Mediterranean way.

PREMIUM GIN & TONIC

Spaniards consume more gin per head than any other country in the world. This is due to their incredible enthusiasm for and ability to make 'Gin-Tonics'.

Our super-premium G&Ts are served the Spanish way: large glass, large measure, lots of ice and a perfectly matched garnish.

We only use Fever-Tree tonic water; a range of award-winning products that taste clean, subtle and balanced with authentic flavours and perfect carbonation. If 3/4 of your G&T is the tonic, we make sure to use the best.
